WHERE DO OUR CURBSIDE RECYCLABLES GO?

As of July 2017, Recycle Ann Arbor compiles recyclables at the MRF and ships them to be sorted at Rumpke’s state of the art recycling facility. Ann Arbor’s collected glass (approx. 15% of total recyclables) is now recycled into glass containers and fiberglass.

REINVEST IN RECYCLING RESULTS

Based on our August 2017 materials audit, Ann Arbor’s recycling contained 10% contamination* much of which COULD be recycled just NOT in the single stream bins.

RECYCLING TIP FOR BETTER RESULTS:

Separate styrofoam and plastic bags and recycle them at our Drop-Off Station at 2950 E. Ellsworth Rd. Open Tu. Th. 8:30 am - 6:30 pm andSat. 9 am - 6 pm

*visit recycleannarbor.org for audit results, monthly tonnage, and end market information

Since Jan. 2017
With your help
6925 Tons diverted from landfill

Through curbside recycling
